**What:** Mentors for kids ages 6-12

**When:** On-Going
Where: Fun and educational activities around town

How: **Option #1: School-Based Mentoring**
In this mentoring relationship, volunteers meet with their Little Brother or Sister one hour every week at Edwin’s Elementary, during school hours only. Many volunteers visit during their lunch hour. Keep in mind that school hours are around 8:30 a.m. – 3 p.m. and all of your visits will occur within these hours. Check with your employer as some businesses allow their staff time off to mentor. The school-based program at Edwin’s is a great way to enter the mentoring relationship and then transition to community outings once you have gotten to know each other.

**Option #2: Community Based Mentoring**
This one-to-one mentoring option allows you the opportunity to pick up your Little Brother or Little Sister at the child's home, do some educational activities and spend time in the community. Outings can range from going for a walk, working on arts & crafts, taking a bike ride, or watching a movie. Remember, it's not the money you spend but the time spent doing activities together. The Community Based Mentoring Option is great if you would like to spend time with your little one during afternoons or weekends.
